

سُورَةُ عَبَسَ

He Frowned

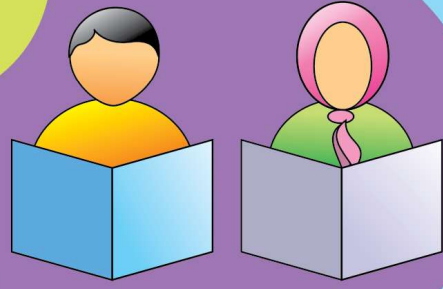

Theme:

The surah of Reminder

- Allah (ﷻ) tells us that this Qur'an is the **highest value book** held in the heavens by angels. Allah (ﷻ) sent it as His reminder to mankind.
- This reminder is for everyone but only the Allah (ﷻ) conscious people will accept it whether they are poor or rich.
- But man forgets and does not accept the reminders from Allah (ﷻ) as he is busy with his loved ones thinking himself as self-sufficient.
- A day will come when all the blessings that he is enjoying will disappear and man will be asked why he forgot the reminders.
- On that day man will forget his loved ones and run away from them. He will be afraid to see his record.
- Some faces will be shiny on that day for they accepted Allah's (ﷻ) reminder and acted good while some will be dark for they rejected Allah's (ﷻ) reminder and acted on their own will.
