

سُورَةُ الْعَصْرِ

The Running Time

Theme:

The surah of Success

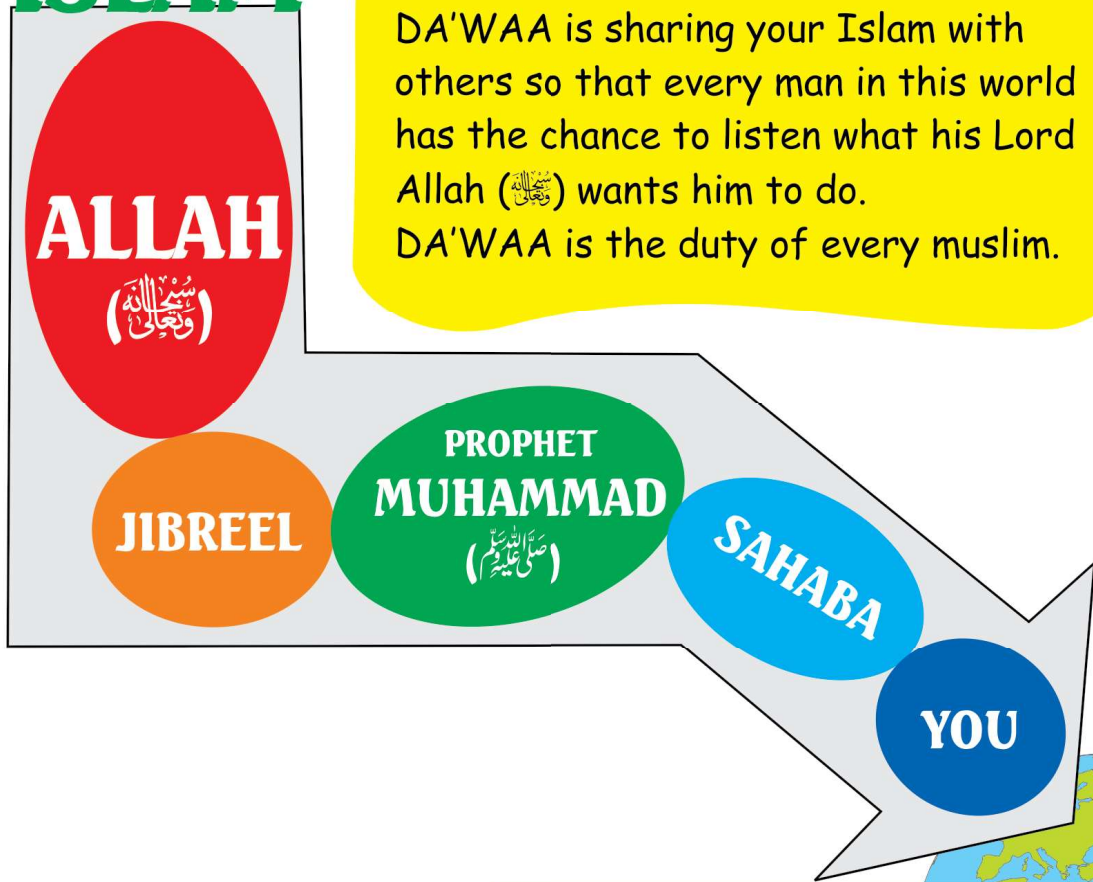

Allah (ﷻ) tells us that all men are losers EXCEPT those who:

- 1 Have faith (believe in the guidance given by Allah ﷻ)
- 2 Do good deeds (liked by Allah ﷻ)
- 3 Call each other to the path of islam (Da'waa)
- 4 Call each other for patience in difficulty while following Islam (sabr).

This surah tells us that our life in this world is limited and each passing hour, day and year is leading us towards our final destiny that is to be in front of our Lord to answer our deeds. So only those of us who are constantly involved in four activities i.e. they have faith, are doing right deeds, are involved in da'waa and are patient would be successful. All the rest would be looser and will face the anger of their Lord.

Ramadan is the ninth month of muslim calendar (lunar calendar which follows the cycles of moon). In this month muslims observe the fourth pillar of Islam which is Saum. Saum means to stop oneself from eating or drinking anything from Fajr prayer till Maghrib prayer for one month. It is a time to purify oneself from all inner evils (like lying, cheating, calling bad names, fighting), to pray a lot, to read and understand Qur'an, to give sadaqas and focus on Allah (ﷻ) so that we can do that continuously in the year to come and become more Allah (ﷻ) conscious.
