Muslim says

- I want Aakhira
"MY MASTER IS MY ALLAH(ﷻ)"
- "MY DEEN IS ISLAM"
- I am different and I am proud to be different.
- YOU FOLLOW YOUR DEEN AND I WILL FOLLOW MINE !!

Kafir says

- I want this world
"MY MASTER IS MY DESIRE"
- "MY DEEN IS THIS WORLD"

PRACTICAL TIPS

The way in which people live their lives is called their life style. We are all living a life style that includes how we talk, walk, dress, eat and spend our lives. Islam is not a combination of different rituals but it gives us a complete way of life called the Islamic life style. We get the details of this life style from the life of our Prophet (ﷺ). So following the Prophet (ﷺ) in how we talk, walk, dress, eat and spend every moment of our life is the Islamic life style. All other life styles do not lead to success.

We should feel proud of our Islamic life style and if someone asks us to join him in his life style of desire we should tell him confidently that:

"You live your life style of desire and I will live my Islamic life style".
